GOLF TOURNAMENT AIDS VETERANS

Student Veterans pose at the Veterans Golf Classic.

The Veterans Resource Center hosted its 3rd annual Veterans Golf Classic at the Auburn University Club on April 16.

The tournament featured 20 teams of four people each -- three community members, business owners or current and former military members playing with a current Auburn student veteran. Funds from the tournament support student veterans programs on campus.

Benjamin Barrontine, vice president of the Auburn Student Veterans Association, says the tournament helped student veterans both personally and professionally.

"The Veterans Classic was more than just a golf tournament. It was an amazing networking and outreach event for student veterans as well," he says. "Many times, veterans become reclusive after separating from their respective branches of service, so this was a chance to get our student veterans outside and opened up through exercise and camaraderie with other veterans, students and community members alike."
