Measuring Quality of Co-Curricular Assessment

Auburn University Student Affairs

2017-2018 to 2018-2019

During the fall of each academic year, members of the Student Affairs <u>Assessment Team</u> participate in a peer-review process using the <u>Quality of Co-Curricular</u> <u>Assessment Rubric</u> to assess <u>Effectiveness Reports</u> which include departmental outcomes for each unit within the division. The scores from all outcomes are then averaged for an overall score for each of the 12 criterion listed in the rubric.
